# COMMUNITY SENSITIZATION COVID-19

Promoting Hand Hygiene at community level

Assistant Commissioner (SFR-Badin)

Zulifqar Nizamani

## Promoting Hand Hygiene Practice

### HANDWASHING STALLS AT COMMUNITY LEVEL

Hand hygiene is essential to containing the spread of COVID-19. Therefore, SRSO staff while delivering the awareness session regarding this pandemic, they inform the community about importance of Hand Hygiene that it is essential for everyone of you to wash your hands regularly with water and soap or alcohol-based hand rub.

In pursuit of COVID-19, community institutes on self basis doing awareness of good hygiene practices is key to reduce the spread of disease at community level.

However, it is only practice that even when people do have knowledge of good hygiene behavior, they wash their hands with soap, safe water and washing facilities to make positive changes to protect themselves and their community.

In connection to this, Community and SRSO Staff- SMT SFR of Badin also stalled at community level for hand hygiene.

The AC SFR, Mr. Zulifqar Nizamani also participated in the hand washing practice stall of SRSO and appreciated the efforts.

and this was followed by the Community institution in all PRRP Districts.

The CIs leaders and members at community level have started a campaign of hand washing along with soap distribution at poor households door step.

This activity was carried out in SFR-Badin, Khairpur, Ghotki, Umerkot and Mirpurkhas to ensure the women a practice that hand washing is best practice to prevent from this disease because is prevention is a cure and till now the 2500 soaps have been distributed among the community

## Face Mask Distribution- Community Institution Self Initiative

MIRPURKHAS, KHAIRPUR & SANGHAR

In the pandemic of COVID-19, to acknowledge the community about basic hygiene measures that are the most important way to stop the spread of novel coronavirus (COVID-19). Face mask is the basic measure including, hand hygiene, staying at home if you are sick, coughing or sneezing into a tissue or your elbow and then cleaning surfaces regularly.

As per the increasing ratio of patients and being an airborne, there is dire need of the moment is to ensure aware the community about precautionary measures and face mask is the compulsory, if you are sick. Masks are not necessary if you are healthy, the World Health Organisation in its notice has made it clear. "Wear a mask if you are coughing or sneezing, it's for all community that "If you are sick, say you have a cough or cold, then wearing a mask would help prevent droplets from going outside."

In addition to community precautionary measures, BDGs of Mirpurkhas ( Joki Machine Tailoring Centre and Ahuri ) started preparing face masks for community to distribute on behalf of LSO among community. So, 300 Masks were prepared by Sooraj BDG (Joki Machine Centre) and 400 by Ahuri Union Council.

In addition to this, Khairpur District (Vocational Trainings) distributed 1500 masks prepared by trainees and same in district Sanghar 250 Masks were distributed among different villages through community institution.
