## “Sindh Rural Support Organization Residential Complex”

### Introduction:

Sindh Rural Support Organization has established a well furnished Residential Complex in Sukkur it is a multipurpose complex and can be used by organizations for lodging & boarding of their executives & management staff.

Sindh Rural Support Organization (SRSO) Incorporated as not for profit public company limited by guarantee, registered under section 42 of the companies' ordinance, 1984. SRSO is apex organization at the provincial level for poverty alleviation and participatory development. Human Resource Development has remained a core function of SRSO since inception.

### Institute of Management and Skill Development (IMSD):

SRSO' has evolved the HRD unit into a proper IMSD (Institute of Management & Skill Development) under overall control of SRSO. This is basically an upgrade of the existing HRD framework and provides it with stronger institutional framework for being gradually able to evolve as a quality training organization in the North Sindh. The IMSD is planned to primarily engage in following major training and capacity building initiatives:

- i. Community Development
  - a. Various trainings to COs, VOs and LSOs
- ii. Capacity Development for staff
- iii. Vocational Trainings

### SRSO Residential Complex:

As SRSO focusing on its core component of trainings for that purpose SRSO has established separate institute naming as IMSD exclusively for trainings of rural communities & its staff also the training part required accommodation facility keeping in view to strengthen training component SRSO has established its residential complex.
