## A. Executive summary

The flood in Sindh, which began in first week of August in the wake of particularly heavy monsoon rains have so far claimed many lives and destroyed homes, farmland and major infrastructure in large parts of the Sindh. Currently Flood in River Indus is flowing in an exceptionally high flood level with rising trend at Kotri Barrage while the flow in River Indus is gradually receding in Guddu. The occurrence of breach at Torhi Bund inundated the vast area of Kashmore- Kandhkot, Shikarpur, Jacobabad and Qambar- Shahdadkot districts resulting in complete destruction of many towns and thousands of villages and settlements.

According to latest information the flood water, which started from Thori breach in Kashmore has now entered in the areas of Dsitric Shahdadkot. Due to the present position of the water, the Qubo Saeed Khan town has been inundated and Shahdad Kot town is completely evacuated as it happened in the case of Jacobabad and Ghari Khairo few days before. Jacobabad, Garhi Khero and Thull have become water locked and the only way to reach these towns is through helicopters where thousands of the households are stuck up without food and basics.

SRSO has been assessing the situation of the flood and watching the movement of the IDPs on daily basis. Things are changing with rapid pace. Every single moment we have new state of affairs, which is affecting our response effectiveness. The Government is trying hard to fix the camps for the IDPs and provide them the basics. However due to its colossal scale, the whole relief work undertaken by the relief agencies appears small.

SRSO stepped in relief activities from August 09, 2010 starting from Kashmore, Ghotki, Shikarpur, Sukkur, Khairpur, and Noshero-feroz. Later on our teams went through helicopter organized by Relief Commissioner of Sindh and WFP to distribute food on the behalf of WFP in Jacobabad city. SRSO has been responding to the government calls, facilitating and coordinating with UN agencies and providing information to different humanitarian aid agencies through its emergency cell set up in Sukkur.

Since, the relief work has got the real momentum; there is still an acute shortage of food, shelter, sanitation, clean water and health and hygiene material. SRSO has started now focusing on mobilizing IDPs (90% of them are from organized Community and are members of Cos and VOs) to take care of hygiene and organize themselves to be a disciplined recipients of the relief goods. Also the efforts are being put to generate more resources to fulfill the vast emerging need. WFP, UNICEF, PPAF, Engro Foundation, Relief Department Government of Sindh, USAID through RSPN, Jahangir Siddiqi (JS) Foundation, OMV and individuals such as Aniqs Sultan, Adeel, and many more have been continuing supporting SRSO. SRSO urgently needs more resources, which are expected to come.

A project of UNICEF “WASH for flood affectees” has been started where Latrines, Hand Pumps and **1,800** Hygiene kits have been provided and sessions of the affected communities are being conducted in order to aware them regarding health and hygiene issues for Kasmore, Sukkur and Khairpur districts.
