Executive Summary

Sindh is the worst-affected province with 19 out of 23 districts ravaged as flood waters swell the ranging Indus River to 40 times of its usual volume. The region's worst flooding has displaced more than 2 million people (which in our opinion may be double) in the operational area of SRSO (i.e. Kashmore, Shikarpur, Jacobabad, Qamber Shehdadkot, Ghotki, Sukkur, Larkana, Khairpur and N'Feroze). The livestock affected in this disaster is more than 15 million animals, the basic source of income and main asset of the affectees, except the agricultural crops which has already been inundated. Half of the population affected is children and vast majority displaced from their homes and villages are struggling to find secure shelter on a water- and mud-choked landscape. The latest hit district is the Qamber/Shehdadkot. The water, which breached Thori embankment on August 7 reached Dadu district after devastating Kashmore, Shikarpur, Jacobabad and Shehdadkot inundating hundreds of villages and small towns including Jacobabad city, Thull and others. The people have started moving to safer places towards Larkana, Dadu, and hilly tracks of Kacho area. The population migrated to hilly tracks have been cut from land road access and have become more vulnerable to food, shelter, water, and health. WFP is trying to reach them with food dropping through helicopters. However, the scale of support required is too large than the droppings being made.

Millions of the people have temporarily sought rescue in tent cities (camps), government buildings and under open sky on the embankments of the river Indus and irrigation canals and drains. Their lives have become vulnerable due to hunger, heat, diseases and desperation due to losses of lives, agricultural crops and livestock.

The overall loss incurred due to this disaster has remained unreported. The funds for the relief work, so far allocated, by the government and non government organizations and international donors doesn't seem to be sufficient for the affectees which are living in the established relief camps.

The needs of the people living in the unregistered camps and settlements in small groups or who has travelled to other cities and not living in the relief camps have not been addressed yet.

The reported cases of births in relief camps and the health and diet issues of the pregnant women are of great concern for all of us and specifically in these un-hygienic conditions. The increasing ratio of death cases due to hunger, diarrhea, gastro and other diseases needs immediate attention of the authorities and relief workers.

Daily Flood Relief Report Sep 04, 2010

As of Sep 4, 2010 SRSO has provided cooked food to **619,892** individuals (funded by SRSO, Engro & GoS) and dry rashan to **323,302** individuals (**46,186 families**) supported by WFP, District Government Khairpur, Individuals, groups, and Engro Foundation.

The total number of animals provided treatment is **89,860** and **124** MTs of fodder has been distributed.

Besides this, SRSO is also working on provisions for safe drinking water through tankers and installations of critical infrastructure. (i. e. hand pumps, pit latrines and shelters) at relief camps. For safe drinking water and sanitation SRSO has installed so far **220 hand pumps** and **545 latrines** in district Khairpur, Kashmore-Kandhkot and Sukkur relief camps established by the District Governments in collaboration with UNICEF, PPAF/ENGRO and from its own resources. SRSO is in the process of finalizing the large scale response in WASH sector with the funding and technical support from UNICEF to cover 6 worse affected districts. 80000 households will be focused with financial support of Rs.194 million from UNICEF.

SRSO has been facilitating PPHI “**mobile medical camps**” where the number of patients treated till date is **238,000 (OPD)**. PPHI is working through its established medical camps on every point of the flood area with the qualified doctors and other support staff and sufficient stock of medicines. PPHI is producing separate full report on daily basis and is available for public information.

SRSO under its regular programme and Union Council Base Poverty Reduction Programme (UCBPRP) had provided microhealth insurance to more than 70,000 households. 60% of them are affected and displaced. SRSO Social Mobilization teams have been trying to reach the IDPs through providing information and facilitating the insured IDPs to reach dedicated hospitals for proper treatment. Till to date SRSO has facilitated 218 patients of different diseases by the Sehat Salamt Card in panel hospitals duly recognized by the Adamjee Insurance Company limited. These flood affectees are the members of Cos and VOs formed under UCBPRP programme funded by Government of Sindh.

SRSO through female staff members is conducting health & hygiene sessions with the affected communities in the relief camps of Sukkur.

The flood has severely affected livestock along with human beings; therefore, SRSO started supporting livestock from its own resources. It has started providing vaccination, treatment, de-worming, and fodder.

SRSO has signed LFA on August 10, 2010 (one month plan) with WFP for the distribution of **2,432.142 MTs** food items (wheat flour, Edible Oil and High energy biscuits) under “food for flood affectees’ programme” to **42,857** households in the five districts and up to September 04, 2010 we have distributed to **39,514** households.

The WFP and SRSO have also approved the proposal of food supply for 10,000 households for district Larkana. The third proposal of more than 31,000 families’ food facility provision is under consideration for **5,600 Metric** tonnages of food items. (Wheat flour, Edible oil and HEBs).

SRSO in partnership with the PPAF and Engro Foundation has provided Dry food, hygiene kits, hand pumps and Latrines for 2,000 household and fodder for 10,000 animals. The distribution of food items, hygiene kits and installation of the hand pumps and latrines had been completed.

A project of UNICEF “WASH for flood affectees” has been started where Latrines, Hand Pumps and 1,800 Hygiene kits had been provided and sessions of the affected communities are being conducted in order to aware them regarding health and hygiene issues in Khairpur, kashmore and Shikarpur districts.

SRSO has been providing two time cooked food to the IDPs in the three districts Sukkur (25,000), Kashmore-Kandhkot (6,000) and Shikarpur (8,000) on daily basis in the IDPs camps established by each district government. The above distribution has been in its final touches and the government of Sindh has asked to continue the support till further relief intervention is being provided to the affectees.

SRSO signed an agreement with GOAL Ireland and the project is aimed to provide shelter, hygiene (hygiene kits, hand pumps and pit latrines) and NFIs for the **8200** flood affected families in the worst hit districts in SRSO operational area i.e. (Kashmore-Kandhkot, Shikarpur and Larkana). The MoU of the project has been signed and the proposed completion period is two months. The relief material has been procured by the funding partner and distribution will be done by the SRSO.

A. SRSO flood relief project progress

WFP food for flood affectees

This program is planned to supply dry Ration to **42,857** household for thirty days comprising wheat and cooking oil (50kg 4.5 kg respectively) per household. Flood affectees of the five districts in the camps registered with the District Government are being provided this relief package. The distribution is being made according to the approved plan from World Food Program (WFP).

UNICEF- SRSO Flood Relief Project

“WASH” water and sanitation

SRSO with the support of UNICEF is executing the WASH project for flood affectees in the relief camps of Kashmore, Khairpur and Sukkur districts. This project aims to provide awareness in the IDPs regarding health and sanitation issues. In this project UNICEF is providing Jeri Kanes and hygiene kits containing (tooth powder, cotton, sanitary pad, soap and detergent soap). Personal Hygiene, hand wash, use of latrine and use of soap is focused in health and hygiene session.

Cooked Food distribution (Sindh Government)

Cooked food provisions are made an MoU signed between the SRSO and Relief Commissioner and upon initial commitment the food facility was to be provided for six days to the district government established camps and the government of Sindh provided fund amounting to Rs. 11.00 Millions. This programme, as per mutual understanding has been extended for further six days or until the other interventions for the basics are being made.

Under this programme SRSO has been providing two time cooked food to the IDPs in the three districts Sukkur (25,000), Kashmore-Kandhkot (6,000) and Shikarpur (8,000) for six days in the IDPs camps established by each district government. However the number of IDPs in Sukkur is increasing due to consistent supply of food, hence the

Daily Flood Relief Report Sep 04, 2010

SRSO management has decided to supply food to all the people available in the camps without demanding further funds from the government or limiting the supply to the numbers provided by the district government. For Sukkur the distribution is executed by NIRM staff with the support of SRSO.

District Government Khairpur has also provided food items to SRSO for the flood affectees. The package consists of: (Sugar 1kg Tea 100gm, Dall 1 kg, Salt 1 kg, Channa 1 kg, Rice 2 Kgs, Bath Soap 02, Detergent soap 02)

SRSO Relief Operation

SRSO cooked food support (Funded by GOAL Ireland)

SRSO started providing cooked food to the flood affected families from very start of the flood and supplied cooked food to families which are in camps in SRSO's operational area of nine districts and the basic aim of the drive has been to provide food to those who are in remote camps and where government and other relief work agencies or philanthropists has not yet reached. Affected families are assessed and provided food. The contents of the supplies are 1 Kg cooked rice and 15 liter water per household.

SRSO Livestock relief project (Funded by GOAL Ireland).

SRSO is providing support for the livestock in the flood affected zone by using its veterinary doctors fully equipped with medicines and necessary instruments. Except the above, SRSO has also purchased fodder of more than Rupees One Million which is in process of distribution in Sukkur Shikarpur and khairpur Districts.

Pakistan Software Industry:

SRSO with the support of the Pakistan software industry has distributed the Utensils sets to 250 flood affected families in District Khairpur. Pakistan Software Industry has

Daily Flood Relief Report Sep 04, 2010

also provided two pedestal fans in relief camps at Khairpur district. SRSO really appreciates the efforts and commitments of the PSI for their support extended towards the relief activities in this miserable situation.

SRSO GOAL Ireland-Emergency response:

SRSO signed an agreement with GOAL Ireland and the MoU aims to provide support in the shape of shelter, safe drinking water and sanitation and hygiene kits for the flood affectees in the Kashmore-Kandhkot, Shikarpur, and Larkana districts. The MoU of the project has been signed and the proposed completion period is two months. As of September 04, 2010 following items have been distributed.

District	Shelter	NFI

B. OTHER PROJECTS

1. OMV Pakistan feeling its corporate social responsibility has joined the hands with SRSO to help out the flood affected people in Khairpur and Sukkur and initially has allocated **Rs. 11 Million** for the relief work. OMV will provide Food for two thousand families that covers around **14,000** people currently positioned in relief camps in Sukkur district. Considering the need of shelter the Company will also provide 60 tents (shelter) for **500** people. Further that the organization has established an employee contributed fund for flood affectees which has reached to **Rs. 700,000** which will be spent on special feeding requirements of the children of the affected families.
2. Brookes Pakistan and SRSO in partnership agreed to distribute fodder for flood affected animals in Sukkur District.
3. Mr. Irfan Ahmed Shaikh a representative of Science Caravan inducted seven volunteers and a cargo vehicle to SRSO for relief work.
4. SRSO is planning to distribute **5,000** female dresses from its own resources in the flood affectees on the eve of Eid ul fitr. The material for the same has been purchased and handed over for stitching to the female community workers which were trained in VTECs during vocational skills development package under Union Council Based Poverty Reduction Programme funded by government of Sindh in Shikarpur and Kashmore Kandhkot districts. In addition to this 350 dresses have been distributed in district Khairpur and Sukkur relief camps.
5. We are thank full to Mr. Humayun who has extended his support for the flood affectees and distributed **250** utensils kits and his shown interest in the further assistance.
6. Federal Minister Mr Fazul Shah Jelani held a meeting SRSO Ranipur team appreciated the work done by the SRSO for the flood affectees in Ranipur.

C. OTHER NEWS

SRSO and PDMA are in close coordination where daily updates and day to day situations are discussed.

SRSO has been hosting cluster meetings of the Donors and implementation partners and monitoring agencies on daily basis where upcoming situations, issues are discussed and planning is being made to handle horrible situation after flood.

SRSO has held a meeting with Planning and Development department for installation of Water Filtration Plants for flood affected. These water filtration plants are portable on vehicle where there is less number of affectees and install where huge numbers of flood affectees are settled in relief camp. The water filtration plant will benefit a population of about 10,000 per day.

Food Distribution on August 30, 2010 at Government Degree Collage Sukkur was visited by the delegation from CNN and BBC along with Mr. Nisar Ahmed Pathan (Operational Manager) Emergency Unit SRSO.

UNICEF team visited the school inbox and shared their views with the children from the flood affected families present in the school.

D. New situation:

Since water is receding fast. IDPs will soon return to their homes as EID is approaching and the relief work will be slowing down. Would the IDPs get proper support while they move back.

What will happen to the infrastructure (water, electricity, houses, etc), which had been damaged already in all the flood affected villages.

How all the Aid and Government Agencies will ensure that the people are not abandoned and the support continues (health, food, fodder, shelter, water, etc.)
