Background

Sindh is Known for having a population of over 25 million people. Sindh can be called the most populated province of Pakistan. As far as its literacy rates are concerned, they are below 50 percent in rural areas. Karachi is leading the race and the rest are not even on the second or third position. Hyderabad, Mirpur Khas, Larkana and Jamshoro are a few other cities that can see a reasonable amount of literacy rate. On the whole, many children are deprived of education due to which a greater percentage of child labor can also be witnessed. The situation is more worsed in interior sindh. There is no better moment to realize education's role in helping households escape poverty than today. To unlock the wider benefits of education so that it can play its full part in helping the targeted communities achieve poverty eradication, all children need the chance to complete not only primary school but also lower secondary school. And access to schooling is not enough on its own. Education needs to be of good quality so that children actually learn. Given this fundamental role that a quality, equitable education can play in tackling the root causes of poverty.

In this Context the Directorate of literacy and Non Formal Basic Education working under the education and literacy department of Govt of Sindh is responsible for programmes on literacy and non formal education in Sindh. The department has tried to develop a sindh literacy Plan 2010-2015 with a vision of literate , educated and prosperous sindh province.

Introduction:

The USAID is a development partner to the Government of Sindh and is currently supporting the Department of Education and Literacy with implementation of the Sindh Basic Education Program (SBEP) in the targeted areas. The overarching goal of SBEP is “Increased and Sustained Student Enrollment in Primary, Middle and Secondary Schools in targeted geographical locations in Sindh”. The Sindh Reading Program (SRP), funded by USAID and implemented by Chemonics International, is a five-year initiative working in the same geographic areas as the parent SBEP. SRP will support the SBEP goal based on lessons learned from USAID and the Government of Sindh’s legacy of early grade teaching and learning.

Over the life of project, SRP aims to:

- Improve teacher competencies for effective early grade reading and mathematics instruction (Component 1);
- Improve early grade reading and mathematics assessment practices (Component 2);
- Improve student access to supplementary reading and mathematics materials (Component 3)
- Enhance participation of parents and caregivers in support of early grade literacy and numeracy for out of school children (Component 4).

With more than four million children in Sindh out of school and largely illiterate, SRP, with USAID funding, recognizes the need to direct resources towards critical Non-Formal Educational (NFE) opportunities under Component 4 of the project. These opportunities will complement the project’s early grade reading interventions in formal schools.

Sindh Rural Support Organization:

SRSO's Vision:

The Vision of SRSO is to foster a framework of grassroots institutions in villages located in 425 Union Councils of 9 Districts in Sindh, to harness the potential lying within the communities to help themselves.

SRSO works to release the potential abilities, skills, and knowledge of rural men and women, to enable them to articulate their aspirations and to effectively marshal the resources they need to meet their identified needs. The purpose is poverty alleviation - enabling people to break the cycle of poverty, which begins with alack of opportunity, extends to the well-known miseries of

economic and nutritional poverty and leads new generations to endure the same conditions. The process is social mobilization - bringing people together on new terms for a common purpose. The conceptual tools are 'social guidance' (recruiting local men and women who will take on a leadership role), advocacy, capacity building and awareness rising. The programmatic tools are training, support to institutions, micro-credit, infrastructure development, natural resource management and 'productive linkages'.

Location Offices, If Any, Districts Of Working:

Offices:

Offices are at district and taluka level in all following districts.

Sukkur, Ghotki, Khairpur, Noshroferoz, Larkana, Shahdadkot, Shikarpur, Kandhkot, and Jacobabad

SRSO as an implementer Partner:

SRSO supported SRP's efforts to open NFE centers in district Kashmore and Jacobabad. Children ages of 10-16 years had been enrolled in NFE centers.

Non Formal Education

Non Formal Education is a project that has been started for those children who were denied to their basic right. SRSO-SS as an implementing partner submitted a proposal for non formal Education to SRP procurement department under the Sindh reading program. SRSO-SS was selected & awarded two districts for the NFE Activity of SRP Project under the USAID at Jacobabad and Kashmore districts. The purpose of this project is to achieve the goal education for all through enrolling children ages of 10-16 years in NFE centers. SRSO-SS supported the project and also identified the learners, hired teachers, and supervised NFE centers in Jacobabad and Kashmore districts of Sindh province.

SRSO-SS identified and enrolled learners for the NFE centers and hired teachers who were be trained in the use of SRP-provided NFE materials (textbooks and teacher guides) The NFE curriculum material is consist of a total of three books per student. Sindhi, English, Math. The NFE syllabus was covered as per shared scheme of study.

Project Summary

Project Name:	Non formal Education
Project Location	Kandhkot & Jacobabad
Package-B Duration	8 Month
Donor	Chemonics -SRP
Implementation Partner	Sindh Rural Support Organization
IP Focal Person	Naimatullah Shaikh- SRSO
SRP-Focal Person	Attia Bhutto – Lead C-4

Project	Quantity
Total NFE Centers	47
Number Of District	02
Number Of Tehsil	05
Numbers of Ucs	21
Number Of Girls Center	37
Number Of Boys Center	10
Number of Teachers	47
Total Learners Enrollment	1189

Total Girls Learners	928
Total Boys Learners	261

Resume NFE-Package-B

SRSO resumed NFE activities to complete Package B and retained maximum NFE learners and teachers. SRSO ceased work in March-17 due to delay for vetting approval for SRSO, therefore Package-B classes were run only for 06 month. Now SRSO received approval and resume Package –B However, it was time consuming and complicated for SRSO to coordinate with the NFE teachers and parents of NFE learners to restart work in order to retain the maximum number of learners. SRSO continue NFE-package-B activities and retained 47 center and 1189 instead of 67 Centers& 1940 learners. SRSO Project staff took stiff initiatives and completed the project task and targets timely. The period of performance was allocated to SRSO from April 30, 2018 to June 30, 2018.

During projected time duration Field team worked hard and dialogued with community and parents. Field staff also conducted mobilization session along with VOs and COs and motivated the local masses and parents of learners and the influential's to play their vital role to send learners to NFE centers. A serious attempt had been made by the Academic Coordinators and re-established 47 NFE centers at the same locations

It was also ensured that the NFE project has implemented properly and effectively functioning at the village level with same pace.

Following Centers were re-established. The details are given below:

S- #	Name Of District	Name Of Taluka	Name Of UC	Name of Village	Name of Center/School

NFE Teachers

It was instructed teachers to focus on subject-wise competencies. In this regard a productive teachers' refresher was organized at district level. During refresher teachers were demonstrated to emphasize on subject-wise competencies. Moreover different types of teaching techniques and worksheets were shared with teachers. All teachers run classes proactively and achieved academic goals.

Teachers' details are given below:

S- #	Name Of District	Name Of Taluka	Name Of UC	Name of Village	Name of Center/School	Gender	Name of Teacher

key personnel:

Academic Coordinator

Academic coordinators were familiar with assigned tasks. They managed technical aspects of NFE activities very well. The Academic Coordinators ensured academic support to the teachers and quality of implementation at the field level. They maintained a record of teaching and solved learning issues timely. Academic Coordinators developed center visit plans and followed plans regularly as well as provided academic support to teachers.

Key personnel name	District	Position title
Sarfraz Ahmed	Kandhkot	Academic coordinator
Ghulam Ali	Jacobabad	Academic coordinator

Package-B End-line Result:

S-#	Name Of District	No Of Center	No of Learners	Pass Learners	Fail Learners	Absent Learners
1	Kashmore-Kandhkot	21	447	425	2	20
2	Jacobabad	26	742	726	9	7
Total		47	1189	1151	11	27

Challenges during Package-B

Issue/Challenges	Mitigation Plans.
StoppedPackage-B activities due to delay in vetting Approval	SRSO stopped all the NFE activities in March-17 therefore project staff faced community and parents' criticism. It was crucial time for project staff to convince and satisfy community.Hence all the possible efforts were made and tranquilized the community.
After 12 month Re-establishment of Centers and retention of Centers, Teachers and Learners.	During two month duration Field team worked hard and dialogued with community and parents. Field staff also conducted mobilization session along with VOs and COs and motivated the local masses and parents of learners and the influential's to play their vital role and send learners to NFE centers. Finally Academic Coordinators re-established 47 NFE centers at the same locations
Parents were not agreed tosend their children NFE center and continue Package-B	Field team conducted sensitization session with Parents and agreed them to sendtheir children NFE centres.
Non Punctuality of learners & Teachers	The field teambound to LSO for ownership of NFE Centre through mobilization andon the daily basis cross verified the attendance of the Learners & Teacher via telephonic & walk in.

Face difficulty in Academic input	Teachers were confused that how the package-B syllabus would be completed. Then monthly meetings were conducted. During meeting teachers shared their academic issues therefore organized teachers' refresher at district level and directed teacher to focus on subject competencies and improve learners' learning level. Field team also delivered demos and support teachers. Academic Staff also applied different teaching methods at center and strengthened learners academically.
-----------------------------------	--

Major Outputs and Outcomes:

Major Outputs:

- Re-start 47 NFE centers in need based areas.
- Retained 1189 NFE learners in NFE centres.
- Ensured girls education in NFE centres.
- Ensured teacher and learner attendance.
- NFE learners were skilled in basic numeracy, sentence making, reading & writing skill in Sindhi and English subjects.
- Learners are qualified at learning competency of grade 03.

Major Outcomes:

- Generate awareness among people about importance of Education.
- Raise Demand to continue NFE Package-C.
- Increase literacy rate in the targeted areas.
- Motivate parents for girls' education.
- Stream lined NFE learners in Govt Schools
